Guidelines to Determine Eligible Students

The Arizona Department of Education provides the following Fiscal Year 2021 Income Guidelines for determining the eligibility of students between the ages of 5 and 17, who attend public school(s). Eligibility is used to determine if a student qualifies for certain Federal Funds. The majority of Federal funds available to schools provide direct supplemental services to students who are at risk of not meeting Arizona's content and performance standards. **The school holds all information given in strict confidence.**
